

Citeste cu atentie instructiunile de asamblare. Vezi lista de accesorii si piese componente. Asigura-te ca ai toate elementele inainte de asamblare. Plaseaza elementele sensibile pe o suprafata dreapta si moale pentru a preveni zgarieturile. Urmareste pasii/pictogramele din schita de montaj.

- ATENTIONARE : 1. NU strange suruburile la maxim pana nu le-ai prins pe toate pe pozitiile cerute.**
2. NU strânge excesiv piulița sau șurubul pentru a evita deteriorarea filetului.
3. NU lasa feronerie si accesorii la indemana copiilor.

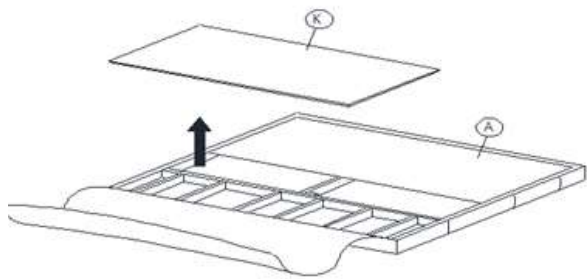

NOTA : Lista si cantitatea de feronerie este valabila pentru o bucata.
